

**A Pottery Workshop at Ravn Clay is the perfect way to embrace your creativity and enjoy some mindfulness in a beautiful, hidden corner of Northumberland.**

You don't need any prior experience, all tuition and materials are included, and the shorter sessions are especially designed to be accessible for younger potters too.

**Castle Building**

A two-hour session creating a decorative Castle Tower that can be used with a battery tea light. Your towers can be historical, whimsical or romantic - but always 100% Northumbrian.

**£30 per person**

**Monster Pots**

This 90 minute session has been popular year after year, with monstrous potters bringing their diabolical creations to life. Adding some holes in the base will make you a plant pot - but what you use it for is entirely up to you.

**£17.50 per person**

**Hand-building Workshop**

Three hours of instruction and practice making pinch and slab pots. You bring the ideas - we bring the clay.

**£50 per person**

**MARCH**

*Come and meet Ellie - the Pottery Dog!*

## NEW FOR 2024

### Why not come back and glaze your own pottery?

If you create pots that cry out for elaborate or considered glad decoration, you can now arrange to come back to do your own glazing.

[We only offer single-colour dip glazing as standard on our workshops]

£10 per person
